What's something that most people don't know about you? I'm gullable

What's your great inspiration? Everything that catches my eye. Could be as small as quote or as big as seeing how strong my grandmother has come.

What is your greatest accomplishment? Going back to school for medical and almost finishing the program.

What's advice do you give kids that look up to you? To not let the bad/negativity ever stop you from being you, that only yourself can put you where you want to be.

What are you looking forward to most about the 2019 season? For the storm team, I look forward to having fun, exciting memories with the girls. But for outside of storm, I look forward to being back home in California.
